## Currency, Credit Expansion Bill Nears Final Enactment

HOUSE DISAGREES BUT FINAL ACTION IS EXPECTED SOON

SENATE ACTS ON MEASURE LIBERALIZING CURRENCY WITH-OUT RECORD ROLL CALL

Washington, Feb. 20.—(U.P.)—The Glass-Steagall bill for currency and credit expansion, which sufficed on its mere introduction to boom stock and commodity markets, is well on its way to final enactment.

The house passed the bill Monday with only 15 dissenting votes. The senate acted late yesterday without a

Washington, Feb. 20.—(U.P.)—"Baby bonds" as half to hoarded money will be issued in denominations of \$50, \$100 and \$500, the treasury department announced today. They will bear at least one and one-half per cent interest and will mature in one year.

The total amount to be issued was not announced. The bonds, officially known as treasury certificates, will be offered through banks about March 7. It was believed the low interest rate would entice hoarded money out of hiding, but would not entice cash out of banks, since the rate is much lower than the normal bank rate.

Secretary of the Treasury Mills said banks would be able to pay for bonds they receive from the treasury by a deposit in the bank to the credit of the government. Thus it will not be necessary for a bank to surrender large amounts of cash in order to handle the bonds.

record roll call, after extending the period of effectiveness from one year to two.

The house formally disagreed today to senate amendments to the bill and ordered the measure sent to conference between the two houses.

This opens the way for final action by congress early next week. Conferences will take place early next week and the perfected legislation will be resubmitted for final approval before being sent to President Hoover.

White House welcome awaits the bill. It has aroused cheers from Wall street to Walla Walla. Senators proclaimed it the session's most vital legislation for overcoming depression. Senator Glass, Dem., Va., who jointly sponsored the bill, estimates that \$1,500,000,000 of new currency may be issued under its authority. It previously had been estimated that new currency issue could exceed \$2,000,000,000 but excess gold held by reserve banks is now about \$430,000,000, and will permit issue of only the lesser sum, with the gold serving as a 40 per cent reserve.

The remaining 60 per cent of the collateral behind the currency will be composed of federal bonds. Senator Blaine, Rep., Wis., described currency so secured as 60 per cent, scrip or greenbacks, but the senate was not deterred.

## Husbands, This Contest is for You, and You Alone

To the 1,027 husbands neglected and possibly forced to satisfy their palate with cold food and whatever the refrigerator offered within its confines during the our days of The Daily Dispatch cooking school—

How is your digestion? A most pertinent and, we'll confess perhaps tedious query, but has your wife introduced any new dishes or mysterious concoctions, strange to the usually stereotyped family menus, during the last few weeks? If not, why not? If so, how well have you survived and have you asked your spouse to prepare them again? How often? Monthly? Weekly? Or perhaps you have revelled in their delicacy so much as to demand the new innovations on the festal board daily?

Confess—give us your frank, candid and unbiased opinion. But, before we go farther, this is not a "feeler" to determine potential customers for our private patent-medicine. On the contrary, husbands, this query is a sane request for you to register your reactions to The Daily Dispatch cooking school.

And, to you wives, we warn that it is your duty to your family to make your husband give his opinion. It will be a help to you in planning your meals. Frankly, wives, your meals no doubt have been of an experimental nature since Mrs. Frances Northcross all but tore tradition to shreds in telling you how to plan more appetizing and attractive menus and in cutting the corners on your housekeeping budget.

Husbands, send in your opinions to The Daily Dispatch in a 50-word unbiased testimonial. The contest is open to each and everyone of the 1,027 husbands whose wives declared a 4-day holiday to attend the cooking school. Wives, see that your husbands give their honest opinion.

Seriously speaking, husbands, The Daily Dispatch wants your opinions. Just write down your impressions and send them in to "Neglected Husbands Contest Editor, The Daily Dispatch. Your names will be held in confidence unless you win one of the awards.

And, before we forget, a box of the mildest and mellowest clears awaits the husband painting the most vivid impression of the cooking school. A carton of "Frustrate Satisfiers" cigarettes is offered as second award. And, for the most unfortunate husband suffering from the effects of his wife's attendance at the cooking school a bottle of indigestion pills may solve the problem of a consolation award.

## Frustrate Plot to Wipe Out Rival Political Faction Ambush Slaying

McAllen, Tex., Feb. 20.—(U.P.)—Texas Rangers today held 15 men whom they charged with conspiring for the mass extermination of a rival political faction in an ambush slaying.

Rangers said the arrests were made only a few hours before plans to execute six prominent Hidalgo county democratic leaders in a trap were to be carried out.

Among those jailed at Rio Grande City on charges of conspiracy to murder were two well known politicians and a Mexican whom officers said admitted he was to receive \$500 for carrying out the ambush.

One of those arrested was a Mexi-

can, said by officers to have been selected as the assassin, and reported to have confessed his part in the plot. "It was a \$10,000 job," he was quoted as saying, "but I agreed to do it for \$500."

Had the plot been carried to its conclusion tomorrow, Sheriff T. C. Gill, Hidalgo county officer, would have been one of those slain, the Rangers said.

Others marked for death included Walter J. Weaver, prominent democratic attorney of Donna; Harry Ridgeway, manager of the Donna irrigation district, about which it was

believed the plot revolved, and Wise Hooks, another prominent politician. Names of the other two men who were to be assassinated were not revealed.

The Mexican, according to his confession as reported by the Rangers, was to lie in ambush as the six men visited an oil lease owned by Hooks and Weaver near Rio Grande City tomorrow.

Armed with a rifle, which the Rangers intercepted as it was passed from one of the alleged conspirators to the Mexican, he was to pick off his victims one by one, shooting with care, permitting none to escape.

## AGREE PRINCIPAL TO PHILIPPINES INDEPENDENCE BILL

BILL PROVIDES INDEPENDENCE 15 YEARS AFTER NEW CONSTITUTION IS ADOPTED

Washington, Feb. 20.—(U.P.)—The senate territories and insular affairs committee today agreed on fundamental principles of a Philippines independence bill, of which the major point would be an independence plebiscite 15 years after a new constitution for the islands has been adopted.

Imports from the Philippines will continue duty free under the plan for 10 years after adoption of the constitution at limits not exceeding the present volume, and in the five years thereafter, a graduated tariff would be applied. Details of the tariff steps have not yet been decided.

The committee also agreed in principle on the limitation of immigration from the Philippines in the 10 years following the adoption of the convention.

The agreement in the committee today was overwhelming. It was said that only Senators King and Broussard voted for a short period before the plebiscite and that Senators Hawes and Cutting, whose bill originally proposed a 5-year period finally voted for the 15-year period.

In view of this overwhelming majority it was expected that the bill will probably be reported after the committee completes the drafting.

The plan, agreed upon in all particulars would make the effective date of Philippines independence about 19 years in the future as considerable time will be required for the holding of a constitutional convention in the Philippines and other formalities.

## Indians Dance in New Year While Tribesman Lays Mortally Wounded in Log Cabin

A Gould Engaged

She figures in the news of the highest society, for Miss Eleanor Gould, above, great-granddaughter of the late Jay Gould, is engaged to William N. Haskell, 3d, son of Maj. Gen. William N. Haskell, of New York.

Collins, Ky., Feb. 20.—(U.P.)—A handful of Indians, remnants of the once dreaded Iroquois nation, leaped and crouched about their tribal fire last night in a delirious pagan dance.

Not one hundred yards away a tribesman, mortally wounded by a bullet, bled to death in a log cabin. It was the "festival of the new year," and mad with frenzy of the dance, not a man left the circle of half naked forms which ringed the "fire of life."

Someone other than the dancers heard a shotgun on the reservation and notified state troopers.

Trooper Michael Port, one of the group sent to investigate, told the United Press what he found.

"We found Jesse Green, a 48-year-old Indian, dead in his cabin from a shotgun charge," Port said.

"While we were looking about the cabin in walked Amos Deer, 19, and admitted he killed Green, his step-father."

"I guess there was a family argument. The dance never stopped."

## \$50,000 FIRE RAZES DULUTH BUILDING

Duluth, Minn., Feb. 20.—(U.P.)—Thirteen tenants were rescued by firemen today when fire did \$50,000 damage to a three story store and apartment building on West Superior street.

The fire brought two-thirds of the city's fire brigade in response to three alarms. The blaze was brought under control after three hours. Two tenants spread the alarm and aroused other residents.

Firemen carried down several tenants who gathered on back porches when smoke drove them from their apartments. None was hurt although several persons were slightly overcome from smoke and suffered from exposure in the cold weather. Street car and motor traffic was halted during the fire.

The drug store of Oscar I. Olson and the grocery of Olson Brothers in the lower floor of the building were destroyed.

## LABOR PARTY SHIFTS VOTE TO DE VALERA

Dublin, Feb. 20.—(U.P.)—The labor party, holding seven seats, and with them the balance of power between Eamonn De Valera's republican party and President William T. Cosgrave's administration party, announced today its support of De Valera.

This support will be conditional, however, upon De Valera's waiving aside all constitutional questions—such as abolition of the oath of allegiance to King George.

The laborites will also insist that the new government rising out of the Free State elections must concentrate its attention upon such problems as unemployment, or their support will be withdrawn.

It was reiterated that the labor party will stand by the present treaty under which Ireland is established as a free state, and that no change in its terms will be agreed to "except by friendly negotiation with Great Britain."

St. Cloud, Minn., Feb. 20.—(U.P.)—Because of a mild influenza epidemic, grade schools in St. Cloud will be closed effective Monday, Dr. J. N. Libert, city physician and health official, announced today.

## PETITION HOOVER TO COOPERATE WITH LEAGUE OF NATIONS

OPINION PREVAILS THAT JAPAN COULD NOT SURVIVE IF TRADE WAS CURTAILED

Washington, Feb. 20.—(U.P.)—United States cooperation with the League of Nations in an economic boycott against Japan, if that country persists in its Shanghai campaign, was urged today by a group of leading citizens and college presidents.

Headed by Newton D. Baker and President A. Lawrence Lowell of Harvard university, the group addressed to President Hoover and congress a petition, holding that the league could not enforce a boycott without United States concurrence. It said:

"The events in Manchuria and still more in Shanghai have shown that protests by other governments, and the public opinion of the world, will not alone restrain the use of armed force to attain national ends."

Many Sign Petition

Signatories included Presidents Harry A. Garfield, Williams college; Ernest M. Hopkins, Dartmouth; Kenneth M. Sills, Bowdoin; Livingston Farrand, Cornell; Alexander G. Ruthven, Michigan, and Guy Stanton Ford, Minnesota, in addition to Edward A. Filene, Boston; Willis J. Abbott, editor of the Christian Science Monitor, and Chester Rowell, former publisher of the Fresno Republican.

Exercise of the boycott has been repeatedly suggested and has been considered, it is understood, by government officials. However, it is believed extremely doubtful whether congress would consent to such a drastic step. Informal expressions when the matter was being discussed a few weeks ago in congress were generally unfavorable.

It was suggested that a boycott or embargo would be little short of a declaration of war and might lead to armed conflict.

If all nations represented in the league agreed on a boycott or embargo, however, it might change the United States' attitude.

A boycott, it has been pointed out, would require no legislation, but only popular acquiescence in a national policy. An embargo, on the contrary, would require an act of congress.

Senate Against Action

Although senatorial opinion is generally against a boycott it is believed on Capitol Hill that Japan could not survive an interruption of commerce with the United States which is the biggest market for her silk.

Chairman Borah of the senate foreign relations committee recently has received several petitions in favor of a boycott.

"A boycott would be an act of war," Borah says of proposals to coerce Japanese policies.

Senator King, Dem., Utah, is one of those who believe a boycott a suitable method of checking Japanese military operations.

Senator Shipstead, farmer-labor, Minn., stated that he was opposed to any such boycott.

"I don't think it would be efficacious," he said. "An economic boycott is an act of war and an economic boycott started this war."

## Borneo Princess, Who Some Day May Rule Savages, Becomes Mohammedan in Airplane Ceremony

(Copyright 1932 By United Press)  
Paris, Feb. 19.—(U.P.)—An English beauty and heiress, a princess of Borneo who some day may rule over savages, revealed today why she left England as a Christian in an airplane speeding 100 miles an hour and landed in France a Mohammedan after a ceremony in mid-air in the flying mosque.

"I chose the air for my conversion because I wished it to be performed in no earthly territory," the heiress, Princess Mada of Sarawak, and daughter of the late Sir Walter Palmer, of Sarawak, Borneo, and daughter of the late Sir Walter Palmer, said.

The fore compartment of the "Silver Wings" liner of Imperial Airways was converted into a mosque. The ceremony was carried out 5,000 feet in the air, halfway between England and France.

Dr. Khalid Sheldrake, president of the Western Islamic Association, performed the ceremony.

Shouting loudly to overcome the roar of the motors, he prayed to Allah, "the beneficent, the merciful, all praise due Allah Lord of the World—the beneficent, the merciful."

## CHINESE HOLD POSTS UNDER WITHERING FIRE

Japan's Terrific Bombardment of Shanghai Defense Continues for 15 Hours, Resulting in Heavy Casualties

Shanghai, Feb. 21.—(Sunday)—(U.P.)—The terrific bombardment of the Chinese Shanghai defense ended suddenly at 1 A. M., leaving behind a scarred frontier and smoking ruins of Chinese farm huts and barns.

### High-Boy!

(Copyright 1932, by United Press)  
Shanghai, Feb. 21.—(U.P.)—(Sunday)—Japan's terrific bombardment of the southeastern Chinese defense along the battle line, running from Woosung to Shanghai proper, continued with increasing vigor today.

More than 15 hours after the start of this major battle, Chinese defenders continued to hold out although they lost one major position when the Japanese overpowered the defense of Wangwan.

Casualties Heavy

Fighting at midnight was extremely fierce. Casualties increased. The bombardment from the Japanese batteries—both 8-inch guns and 4-inch guns—was so heavy that windows within the international settlement rattled from the concussions. Residents of the settlement, hundreds of them Americans, were unable to sleep during the night as the warfare raged along the front about seven miles north of the settlement.

The Japanese announced the day's objectives had been completed, save for the taking of the Woosung forts. Dawn will bring further advances against these objectives, the announcement said.

Bombardment Severe

Chinese had defended valiantly for more than 15 hours against the combined power of the Japanese, a power that included attacks from the air, heavy guns, infantry, and lumbering tanks. They had defended for hours Kiangwan, losing and retaking the little village repeatedly, only to have the Japanese finally overpower the stout defense.

The bombardment was so severe that all residents of the international settlement were kept awake. The Japanese were using their heaviest guns, shaking the windows and houses for miles around.

Admiral Uyematsu, commanding the naval troops ashore, attempted to inspect the north station area. The inspection party started out in a heavy tank, and was accompanied by a score of armored caterpillars. Chinese fire was so severe, however, that the admiral was forced to abandon his project, and quickly returned to headquarters.

Chinese Blow Up Tanks

Official Chinese reports at 4 p. m. today claimed that four Japanese tanks had been blown up by mines and that two airplanes had been shot down over Chapei, where fresh troops who moved into the line recently brought anti-aircraft guns with them. According to the reports, one of the planes shot down was piloted by a white (czarist) Russian.

U. S. Makes Representations

Washington, Feb. 20.—(U.P.)—American Minister Nelson T. Johnson at Shanghai reported to the state department today that he, with the British, French and Italian ministers, had made representations to the Japanese minister concerning danger to American life and property and also had made eleventh hour efforts to maintain peace.

The four western spokesmen pointed out to the Japanese that they "could not avoid a large measure of responsibility for the jeopardy to foreign life and property at Shanghai." The Japanese consul replied that the issue rested with the Chinese.

Geneva, Feb. 20.—(U.P.)—The United States with several other non-members of the League of Nations, including Russia, have been invited to attend the forthcoming meeting of the League of Nations assembly which will discuss the critical Chinese question.

The assembly meets March 3.

London, Feb. 20.—(U.P.)—The British war office, admiralty office and cabinet were prepared today for any emergency calling for a war-like move in the far east.

For the first time since the world war the admiralty and war offices were open all night long. They will continue to so operate until the emergency has passed.

And an emergency cabinet committee has been formed with full authority to deal with any critical situation which may arise during the Chinese-Japanese conflict at Shanghai, involving British interests.

Great Britain has announced that she will hold both Japan and China fully responsible for any loss of life among her nationals in Shanghai, and for any British property loss in that area.

What investment during these nearly three years of depression has remained 100 per cent? Can you name one?

Corporation bonds have not—  
Municipal bonds have not—  
Stocks surely have not—  
Farms have not—  
Even Liberty bonds have not—  
But there is ONE that has—

That's your Certificate of Deposit or Savings Account in a good, well-managed bank in your local community. It has been 100 cents on the dollar, paid when you want it, and right there to use as you need it.

Name any other investment, if you can, that has the same record. **THERE IS NONE!**

You buy trust shares, common or preferred stocks, bonds, anything—and when you want your money you must take Market Price. From that price a commission is deducted, and you get your balance after the transaction is completed.

When you want to "cash in" on a bank certificate or savings, you don't say "how much is it worth today?" The value is always—PAR—. You get 100 cents for each dollar you have in the bank, and you get it! No commissions—no deductions—no market—no wait! You **JUST GET IT!**

## Colonial Tea Given

by St. Paul's Guild

Picturesque in every detail was the colonial tea given in the Episcopal church yesterday by members of St. Paul's guild.

As the guests, numbering about 75, sipped tea and partook of the dainty sandwiches, shaped and decorated in keeping with the spirit of Washington's birthday, Mrs. C. L. Burnett, in her charming manner, announced the numbers on the program.

Jeanne Claire Turcotte, daughter of Mr. and Mrs. Arthur Turcotte, was first to step from the picture frame, a fit setting for a little girl of 200 years ago. The frame, decorated with red, white and blue, was used as a background for two of the numbers. Jeanne Claire sang and danced, accompanied by her instructor, Miss Marie Clark. The number was originally composed by the latter, and the little pupil was applauded for the delightful manner in which she presented it.

Pupils of Miss Anita Hartzburg appeared next. By courtesy of the "Country Gentleman" Florence Richards and Beth Pulkabek gave a skit, "The Return of Washington." They were accompanied by Mrs. Julius Witham. The minuet, that graceful dance of Washington's time, was executed in the true, old-fashioned style. The two, as Martha and George, cleverly brought to light the modern electrical devices, so shocking to the ancient couple that they finally retreated, after one last dance of the minuet, to their picture frame.

Nancy Hitch, daughter of Mr. and Mrs. V. L. Hitch, presented the concluding number. Nancy is also a pupil of Miss Hartzburg and gave the musical reading, "Kitty." Nancy has appeared on many programs but never was her work more appreciated than at this time.

Mesdames B. C. Pulkabek, R. M. Johnson and J. L. Cheseborough, and the Misses Irma Seeger and Ruth Louise Beise, in beautiful Martha Washington costumes, were hostesses.

## NEW HAMPSHIRE SLATES READY---

First primary in the country on March 8, which is being watched with eager anticipation by both Republicans and Democrats, is the New Hampshire poll.

It appears that the slate is well defined with Hoover and Roosevelt favored in the pre-election prognostications. Of course, Roosevelt's popularity is more or less uncertain but the state is going into the field with strong opposition for Alfred E. Smith who refuses to announce his candidacy but has openly announced that he is susceptible to the nomination.

Hoover will go into the New Hampshire primary with a completely pledged delegation.

An interesting fact is brought out in press dispatches in connection with the Democratic issue. Four and eight years ago, the majority of candidates were pledged to Smith who are now favoring Roosevelt.

## PHILIPPINE INDEPENDENCE---

In considering the question of giving independence to the Philippines, it is essential that we put ourselves straight on the facts before we start arguing.

The origins of this knotty little problem often seem obscure, and it is easy to get confused about them. A little examination of the record of history would make many of the current arguments more valuable.

Secretary of War Hurley, appearing before a Senate committee the other day, made the following remark about the independence issue:

"I believe the responsibilities assumed by the United States when it destroyed the sovereignty of Spain have not been fulfilled, and that the independence of the Philippines should be given when certain conditions have been performed which assure the stability of the government when it is established."

It is the first clause of that remark that deserves a little thought. What are those responsibilities? More important, how did we happen to assume them?

We took the Philippines by force, and we took them because somebody at Washington decided that it would be nice if we had some island possession in the Orient. We were fighting Spain—ostensibly, anyhow—to free Cuba, and the exact way in which kicking the Spaniards out of the Philippines helped to set the Cubans free is something no one has ever explained satisfactorily.

The Filipinos didn't want us at the time. We had no business going near them, once Dewey had sunk the Spanish Asiatic fleet. In order to possess the islands we had to fight the native inhabitants a lot harder than we had to fight the Spaniards. And after gaining possession, we promised solemnly that we would give them their independence.

Remembering these facts ought to clear things up a bit. It would remind us that our "responsibilities" are things that we shouldered of our own accord, over the objection of everybody concerned; and chief among them would seem to be the responsibility for making the Filipinos independent.

## PASSENGER PARACHUTES?---

A bill was introduced in Congress the other day which would require all air transport lines to provide parachutes for every passenger, much as steamship lines are required to provide life-preservers; and, as might be expected, it has stirred up a good deal of argument on both sides.

In theory, perhaps, the idea is a good one. Any transport company certainly is under a moral obligation to do everything it can to ensure the safety of its patrons. But, as officials of the transport companies have been pointing out, there are plenty of obstacles in the way of this measure.

In most airplane crashes there would not be time for all the passengers to jump to safety even if they did have parachutes. Novices might operate their chutes correctly, if they did manage to jump in time, and they might not. Besides, the expense of providing parachutes for everybody would put most air transport companies out of business.

## A NEW "OBSCENITY" BILL---

The New York legislature is considering a new "obscenity statute" which looks as if it would make an excellent law. It would put the responsibility for the sale of an obscene book on the publisher instead of on the retailer, as is the case now; and it would not only free book-sellers from the harassings of official and unofficial snoopers, but would probably prove a more effective weapon against improper publications than the present law.

The book-seller has to take many of his books on faith. There are 10,000 or more printed annually; how can he go through them all? In many cases he decides to play safe whenever any small group protests the sale of a book—and thus makes possible an unofficial but highly effective censorship.

The new law would put it entirely up to the publisher, and would compel him to stand back of every book he issued. The arrangement would be more logical and more effective.

## POISONING THE WELL---

It is a telling commentary on political chicanery, that at a time when unemployment and depressed business are drying up the government's sources of support, public officials are preparing and delivering attacks on basic industries. A parallel illustration would be for a person to poison the well upon which he depended for water.

## Thoughts for Lent

"Ye Are the Light of the World"

(Read Matthew 5:1-16.)  
If now we have truly found the Light and have learned to let it shine upon our lives, we are ready to become ourselves the radiant centers of a luminous influence. It is not right that we should be absorptive merely. We must give back the glory that has entered our souls. Our task is that of serving as reflectors of the great illumination which came to us through Christ. We are, potentially, the Light of the world. As the Psalmist says: "The spirit of man is the candle of the Lord." If so, our business is to shine! Nothing that anyone can do is so important as to radiate from his whole being the beauty and the joy which he has himself caught from contact with God in Christ. One glowing spirit in a group of discouraged men and women, a change discouragement to hope. One Christ-kindled heart can touch with fire a hundred other hearts. Thus is exchanged "beauty for ashes and the oil of joy for mourning."

Prayer: O Thou who art the sun of every soul, and Who enlightenest the eyes of all who seek Thy face, may we so live that all who pass our way shall be quickened with the spirit of comradeship. Grant, moreover, we pray, that having caught within our souls a reflection of Thy Radiance, we may in turn be radiant with the same Light which cometh through Jesus Christ our Lord. Amen.

They Got Tired  
"If I could only get some sleep! I have insomnia, you know."

"Why don't you try counting sheep?"

"Oh, I tried that—and the sheep fell asleep!"—Tit-Bits.

Prayer: O Thou who art the sun of every soul, and Who enlightenest the eyes of all who seek Thy face, may we so live that all who pass our way shall be quickened with the spirit of comradeship. Grant, moreover, we pray, that having caught within our souls a reflection of Thy Radiance, we may in turn be radiant with the same Light which cometh through Jesus Christ our Lord. Amen.

# RALLY NETS B. H. S. ONE SIDED COUNT

## Hockey Stars in Action Here Sunday and Monday

### WARRIORS RECOVER AFTER WEAK START TO TROUNCE WADENA

Braierd hung up a 31-9 count over Wadena last night in the final home game of the regular playing season and turned its thoughts today to the Crosby-Ironton game on the range floor next Friday and to the district tournament here March 4 and 5.

**Need for Polish**  
The Warriors recognize a need to polish up on their plays and to open with a scoring punch in the initial round. They took their time in getting started last night but after they did the baskets rolled in fast.

There were no individual aces on the floor last night. The impressive count was scored by a distribution of baskets between seven men. Swanson, however, again took scoring honors by looping in four field goals and one free throw.

Braierd and Wadena scored but one free throw apiece in the opening quarter. The Warriors held the visitors scoreless in the second quarter and helped themselves for nine points. In the final half they scooped in basket after basket, holding a 22-5 advantage at the close of the third quarter.

**Crosby-Ironton Wins**  
Crosby-Ironton continued its winning streak on the range last night by nosing out St. Cloud Tech-High by a 25-23 score.

In the preliminary here Braierd juniors won from the Pine River juniors, 16-10.  
Foster's play showed an improvement over any games he has played in since the Crosby and Fargo games. Since those games Elmer has been on the casualty list with slump burn on a leg and later a weak ankle. He is now fully recovered and can give his fastest play in the remaining games of the season.

**Midgets Fail to Click**  
Templeton and Smith did not function in scoring power in the manner they displayed in former clashes this season. Likewise, Heikinen was off color. On the other hand Joe Gabiou, reserve guard, showed fine form. The players, however, can play high class basketball and will deliver before the curtain is rung down on basketball this season.

Bob Wygle remained on the bench again last night. He is expected to see his first game in three weeks at Crosby next Friday night.

The box score follows:

Braierd (31)	FG.	FT.	PF.
Templeton, F.	2	0	1

### LEAD IN BIG TEN AT STAKE IN TONIGHT'S WILDCAT-PURDUE GO

Chicago, Feb. 20.—(UP)—Undisputed lead in Big Ten basketball—perhaps for a few days only—hinged on tonight's contest between Northwestern and a dangerous challenger, Purdue, on the Boilermakers' own floor.

The speedy, clever Boilermakers, pre-season favorites to wrest the title from Northwestern, were expected to fulfill that prediction tonight. Each has lost one game this season. Northwestern, however, has won seven of Purdue's five.

The strongest combinations possible will be put on the floor by each, with individual contests expected between the two scoring aces, Joe Reiff, Northwestern's all-American forward, and Johnny Wooden, Purdue's all-American guard. Reiff is leading the conference in individual scoring but Wooden has a better average.

If the title defenders lose this game they still may beat Purdue on the home floor later, but Northwestern must also play Ohio State and Michigan away from Evanston. The Wildcats defeated both by one point margins on their own floor. Purdue, however, has a longer, more intensive schedule remaining.

Michigan will attempt to stay in third place, behind the Boilermakers, by beating Illinois at Champaign. Indiana and Iowa meet at Iowa City. Wisconsin plays Minnesota at Minneapolis and Ohio State takes on the cellar occupant, Chicago, here.

### PRINCETON COMING HERE WEDNESDAY TO OPPOSE MERCHANTS

The Braierd Merchants quint will play the strong independent team from Princeton Wednesday evening at the high school gymnasium in the last century game on their home schedule this season.

Princeton shares with the Braierd Merchants the honor of being the only team to have defeated the famous Harlem Globe Trotters, and the game Wednesday is somewhat in the nature of a championship battle. The Merchants will try hard to end the season here with another brilliant victory, before they set sail for the state tournament in Minneapolis next month.

Princeton has had an outstanding success this season. Besides taking the renowned Harlem team into camp, they have scored about 15 other victories, including a win over the Servants' cagers from St. Cloud. They "kicked out" a one point victory over the Saints, while the Merchants nosed them out by the same margin a week ago at Braierd.

This is the first time the two teams have clashed this year, though the Russell Creamery team from Braierd which consisted of the same players who carry the Merchants banner this year, took a drubbing at Princeton last year. A win for the home squad Wednesday will balance the books, and the Braierd team is out to get it.

Dick Hall, former captain and star of the Harlem college team, will lead the visitors into action. Hall was high score man in the Minnesota College conference for two successive seasons while at Hamline, and has been burning up the independent league this year.  
A crowd at this last game will make it possible for the Braierd team to send a squad to the state tournament. The admission charge is back to lower price, says Manager Carol Guin, and a sizeable crowd is expected to watch the encounter.

### BRANDON, ORNE FEED RING NECKS IN AREA HUBERT AND NISSWA

Centering their activities in the Hubert and Nisswa areas, Rev. C. M. Brandon and W. S. Orne yesterday distributed a sackful of cracked corn for food preservation of ring neck pheasants over the remainder of the winter.  
Rev. Brandon contends that game preservationists should learn the habit of the pheasants and then allot men to each feeding ground to see that the game birds are fed and protected.

### Petrolle Opens Training for Battalino Clash

Superior, Wis., Feb. 20.—(UP)—Billy Petrolle, hard-hitting welterweight, today opened training for his bout with Bat Battalino, former featherweight champion, at Madison Square Garden, March 7.

Petrolle started an intensive training period to ready himself for three major bouts this year including fights with Jackie Fields for the welterweight championship of the world and with Tony Canzoneri for the lightweight championship.

Petrolle's training opened with road work over the Duluth hill and gymnastics in Kelly's gymnasium here. Petrolle said he intended to do most of his work out of doors.

### Ran Polishes off Townsend in Come-back Attempt

New York, Feb. 20.—(UP)—Eddie Ran, Polish welterweight, staged an impressive come-back last night by knocking out Billy Townsend of Vancouver, B. C., in the second round of a scheduled ten-rounder at Madison Square Garden.

Previously Ran had been outpointed by Townsend and knocked out by a shot at Jimmy McLarnin, also of Vancouver.

The hard-hitting Polish boy sent Townsend down for the count with a hard right jolt to the jaw. Only 47 seconds of the round had elapsed when Townsend was out.

### RED DEVILS CLASH WITH STAPLES AND RANGE FLYING ACES

Two speed battles on the Braierd rink are scheduled Sunday and Monday afternoons when the Braierd Red Devils clash with out of the city teams.

Staples will play here on Sunday at 2:30 p. m. and Crosby-Ironton will battle Braierd on Monday at 2:30 p. m.

The Braierd Red Devils have won seven games this year without one defeat and are out to keep their record clean. Lively battles are assured both days.

The Flying Aces from the range are particularly strong. Last Sunday they trounced Aitkin by a 20-1 count. Braierd won from Aitkin 7-0.

The Red Devils nosed out both visiting teams on former occasions this season and the puck chasers from out of the city are invading Braierd determined to avenge those defeats.

The games will be played on the south side rink.

The Red Devil hockey team, incensed by an article in a recent issue of the Crosby Ranger hinting that they had refused a return game with the Crosby-Ironton sextette for fear of spoiling their perfect record for the season, are exceptionally eager to beat the Range pucksters when they meet in a return game at Braierd at 2:30 Monday afternoon.

Braierd hockey fans are promised a fight to the finish when the two teams clash on the Red Devil rink on Washington's birthday. The old pipe bucket, in spite of the charges made, favors the Braierd team to repeat the victory over the Range squad they garnered earlier in the season.

The two teams battling Monday are the strongest in this section of the state. The fast Braierd squad, which has been undefeated this season, won

the decision in the first battle against Crosby-Ironton 3 to 1. Braierd has defeated Bemidji both here and in the Northerners' own stronghold, while the Range squad played to an overtime draw in their encounter on the Bemidji rink.

The Braierd hockey squad has already entered the Minneapolis Park Board tournament, so they are especially anxious to maintain their 100 per cent record against the invading Range puckmen.

The natural athletic rivalry between the Cuyuna Range and Braierd will be brought to a head in the hockey game Monday, especially in view of the Crosby newspaper's remarks on the Red Devils' refusal to play at Crosby, due to a lack of side boards on the Range rink.

The Braierd squad will be at full strength for the game Monday, with Les Greger, sturdy defense man, back in the lineup. The probable starting lineup for Braierd will be: Jim Gabiou, center; Jim McIntosh and "Swede" Graff, wings; Louis Rofidal and Les Greger, defense; "Fat" Fox, goalie.

### LLOYD JOHNSON IS FREE THROW WINNER

Scoring 123 out of a possible 175 baskets, Lloyd Johnson is the free throw champion of the Washington high school.

His award, an improvised trophy, was presented to him Friday afternoon in the school auditorium by Elmer Foster, captain of the Braierd high school cage team, in the presence of pupils.

Members of the high school team were barred from the contest. Two hundred boys in the school competed.

Chicago, Feb. 20.—(UP)—Manager Lew Fonseca of the Chicago White Sox will arrive here Monday to confer with owner, J. Louis Comiskey, regarding the spring training expedition which starts next week. Minter (Jack) Hayes, infielder obtained from Washington in the Carl Reynolds deal, has signed his contract, making 25 White Sox in the fold.

## A Tribute to a Great American

Washington was a big man while he lived—perhaps the most outstanding personage of his era—but in the years since his death, he has grown in stature not only in the pages of history but in the hearts of every patriotic American. On this day, 200 years from the day of his birth, it is fitting that we honor this great American. All honor to him and to his illustrious service!

### Schaaf, Stribling in Training for Bout

Chicago, Feb. 20.—(UP)—Ernie Schaaf, Boston, and W. L. (Young) Stribling, Georgia, continued training here today for their 10-round heavyweight bout at the Chicago stadium next Friday night.  
Schaaf, who knocked out Salvatore Ruggirello in his last start, arrived yesterday. Stribling, who has been here several days, has completely recovered from the hand injury which caused postponement of the Schaaf match from last December.
